VOTE TODAY! This State-wide primary is marked by the boldest attempt in California's history to bring the State under boss domination—the same domination which is responsible for the misgovernment of Los Angeles. It can be defeated only by a large and representative vote. Any person registered and able to vote who fails to do so condones himself of bad citizenship and of indifference to his own personal interests. Every vote not cast is a vote for Parrot boss-rule.

SAN DIEGO, Aug. 30.—The first shock of many that are expected to rock San Diego in connection with the so-called graft investigation came this afternoon when the county grand jury returned indictments against George B. Daley, local millionaire and president of the Union National Bank, and his wife, Mrs. Jeanette Daley. Perjury is charged in each indictment.

PAVING WORK ISSUE
Judge Marsh, fixing bail at \$12,500 for each of the defendants, was surrounded by a throng of reporters and photographers. Daley, in addition to his banking activities, has a blanket contract with the city of San Diego for the paving of the city's streets. The indictment charges that he has sworn to warrants for the city's paving work.

FOUR GIVE EVIDENCE
Today's indictments were returned after four witnesses had appeared before the grand jury. The first witness was Charles H. Hoopes, local civil engineer, who, according to report, appeared as an expert to testify to the amount of paving actually done. He was followed in turn by C. C. Rhodes, deputy city engineer, and W. G. Grogan, deputy city engineer.

CHICAGO, Aug. 30. (P)—Barred from the Wisconsin estate of her husband, Miriam Noel Wright, wife of Frank Lloyd Wright, famed architect, brought suit today against Olga Milnoff, Russian dancer and companion of Wright, for \$100,000.

Mrs. Wright, who has made 12 homes here since she was refused admission early in June to Tallies, the Wright villa near Spring Green, Wis., blamed Miss Milnoff in the declaration accompanying the suit for Wright's asserted refusal to give shelter to his wife.

Wright, whose design of the Imperial Hotel in Tokyo enabled that structure to withstand the earthquake of 1923 which leveled much of the city, sought early this year to divorce his wife. She filed a counter bill charging him with infidelity, and the negotiations broke down when she refused to withdraw these charges and he refused a settlement which she considered satisfactory.

SPANISH DEMAND BALKS LEAGUE COUNCIL SOLUTION

New Plans Offered in Attempt to Solve Debated Question of Permanent Position

GENEVA, Aug. 30. (P)—The task of making Spain a permanent member of the Council of the League of Nations without directly and clearly designating her as such is proving a difficult undertaking. Eminent statesmen and leading international jurists struggled for hours today at the session of the commission charged with reorganization of the Council, seeking to elaborate a method whereby both Spain and Poland could be declared eligible for election as temporary members of the Council, thus virtually making them permanent members.

The discussion became so involved over technicalities that the matter finally was thrown into the hands of a subcommittee, which is expected to find a compromise solution.

COMPROMISE SOUGHT
The developments today indicated that France, Great Britain and Germany had reached an understanding for an attempt at compromise with Spain by arranging what would be virtually a permanent seat, but in the lobbies of the League, it is whispered that Spanish willingness to accept a semi-permanent seat would be largely on what concessions Great Britain and France will make concerning the Spanish demand for foreign rights in Tangier.

France submitted to the commission a system whereby three of the nine temporary members to be elected to the Council could be declared eligible at the moment of their election. This move was taken after consultation with Germany.

At a meeting of the Council reorganization commission, M. Proust, French jurist, proposed that non-permanent members of the Council are elected by the Assembly, the voting countries immediately may declare them re-eligible. This move was taken after consultation with Germany.

DEEMED RE-ELIGIBLE

The three states obtaining the highest number of such declarations would be deemed re-eligible. Some statesmen figure that under this plan, Spain and Poland would be placed on the Council, thus becoming virtually permanent members.

A previous project adopted by the commission was vague as to when re-eligibility could be proclaimed. When such a project was adopted, it leaves the Spanish claim open to the hazard of a vote in the assembly, which would be acceptable to Spain. Spain today instantly reaffirmed her demand for a permanent seat on the same footing as Germany and the other great powers, and she asked for an immediate decision.

Signor Scelzo, spokesman for Mussolini, attacked the proposed French compromise on the ground it would prevent the Assembly from expressing a preference as to re-eligibility members. He added that it would prevent the Assembly from expressing a preference as to re-eligibility members. He added that it would prevent the Assembly from expressing a preference as to re-eligibility members.

**MUSOLINI SAYS
ITALIAN BONDS VITAL**

ROME, Aug. 30. (P)—Close collaboration with Spain is one of the cornerstones of Italy's fascist foreign policy, Premier Mussolini today told his cabinet.

"The Italo-Spanish treaty, of which all the clauses are published, cement the friendship of two nations which have many positive affinities," he declared. "They border the same sea, their collaboration is natural and constitutes a great factor for peace."

Referring to Tangier, the Premier said: "If a Tangier conference is called, Italy must take part in it as a great Mediterranean power. Although it is not known when or where such a conference will be held, it appears the Tangier question already completely is separated from the question of the more or less permanent seats in the Council of the League of Nations."

Regarding the attitude of the Italian delegation at Geneva, Premier Mussolini said it is empowered with a margin of elasticity needed to face unforeseen situations.

Premier Averescu of Rumania will come to Rome this September and his visit should strengthen the relations between the two countries, Premier Mussolini declared. The new Greek government is continuing its policy of friendship with Italy, the new

was attended by the doctor and nurse and said he was Joseph Capistrano, an old friend of the actor. Only one mourner in the church was admitted without a special ticket. She was Celie Barabetti of 419 East One Hundred and a rooming house in Forty-first street, back of the New Amsterdam Theater. There in his early days of struggle, paying \$2.50 a week for a back-hall room—when he had the money. When prosperity attended him she was not forgotten. Mrs. Barabetti as she was known to her friends, presented herself at St. Malachi's rectory and Father Leonard, the pastor, and Father Joseph Congdon, friend of Valentino, admitted her.

BURIAL IN HOLLYWOOD
Mr. Ullman announced that plans virtually have been completed for sending the body of Valentino to Hollywood for burial. Final plans are awaiting the arrival of the actor's brother, Alberto Gagliardi, who is due tomorrow on the White Star liner Lusitania. Friends of Valentino are so confident that his brother will acquiesce in their plans that they have made arrangements for a special car on the Transatlantic Century Limited, Wednesday afternoon. Mr. and Mrs. Valentino plan to go on the same train.

The funeral service was the occasion of the gathering probably the most notable assemblage of screen celebrities that New York has seen outside of the cinema palaces, which the public cannot attend. As the cortege moved through the crowds along the streets, a prevailing but a loud buzz of conversation passed along the line as the cars carrying the mourners moved into view.

At the conclusion of the mass the casket was taken back to the hotel. The funeral service was held at St. Malachi's church, Broadway, from which it had been removed earlier in the day. It will remain there until Wednesday, when Valentino's brother, Alberto Gagliardi, will arrive from Europe and decide upon the place of burial. It was the opinion of a majority of the mourners today that Valentino will be laid to rest in Hollywood.

Warned by the riotous outbreaks of last week, when it was feared that the public from Campbell's establishment, where the body was to be placed, might cause trouble, the police authorities made ample preparations for handling the crowds and today the police were on duty. The funeral service was held at St. Malachi's church, Broadway, from which it had been removed earlier in the day. It will remain there until Wednesday, when Valentino's brother, Alberto Gagliardi, will arrive from Europe and decide upon the place of burial. It was the opinion of a majority of the mourners today that Valentino will be laid to rest in Hollywood.

HUNDREDS OF THOUSANDS
The crowd possessed itself with a patience passing understanding. For more than an hour before the body was taken to the church from the undertaking establishment men and women stood in a thickening mass. For more than an hour before the body was taken to the church from the undertaking establishment men and women stood in a thickening mass.

Nor did the crowd protest when it was barred from a glimpse of the casket—when the black-clad Pola Negri rode behind drawn curtains; when Jean Albert grieved with his head bowed; when the crowd pressed from it; when it could not even catch a fleeting glimpse of Mary Pickford and Douglas Fairbanks, Jr. and Madge Bellamy and Richard Dix and the rest.

Extremes of the throng ran into the hundreds of thousands. Every detail of the ceremonies at Campbell's, at St. Malachi's, and on the parade passed off without interruption. The chief mourner was Pola Negri, who, it is now definitely known, was engaged to marry Valentino. The immense collection of floral tributes only a few, filling one large open car, were taken to the church and two of these, one a blanket of red roses, the other a mass of white flowers, were borne by the card of Negri.

SOMBER GATHERING
A few of the distinguished stars at the church besides Douglas Fairbanks and Mary Pickford, were by Hines, Willie "Buster" Collier, Gloria Swanson and her husband, Alastair McIntosh; Mrs. Ben Ali Haggin, who, as Bonnie Glass, gave Valentino his first opportunity to appear as a professional dancer; Madge Bellamy, Forest Halsey, scenario writer; Dorothy Mackall, Norma Talmadge and Orestis Nissen.

It was a somber, silent gathering, clothed in mourning or semi-mourning. As the solemn requiem high mass, with its impressive music, proceeded, the favored children of fortune occupying the pews, stood or knelt with bowed heads. They were in presence of a reminder which sobered as well as saddened them.

The admission to the church was by tickets issued by George Ullman, who was Valentino's manager. Hotels, boarding-houses and theaters in the block were packed with spectators who occupied places in windows and on roofs. It was reported that some of those controlling window spaces had sold seats for as high as \$18 apiece.

FAVORITE HYMNS PLAYED
During the time that Valentino's body remained at the Campbell place, awaiting the formation of the funeral cortege, E. H. Hall, organist of the establishment, played a number of the dead man's favorite hymns. The music sounded as the body was borne from the gold room to the waiting hearse.

Active pallbearers were Joseph M. Schreck, Adolph Zukor, Marcus Loew, Richard Howland, Douglas Fairbanks, Hiram Abrams, Nicholas Scheraga, Henry Kent, Mal St. Clair, James R. Quinn, Michael Romano and Frank Sinatra.

The high requiem mass at St. Malachi's was celebrated by Rev. Edward P. Leclercq, rector of the church, assisted by Father Congdon, a boyhood friend of Valentino, as deacon; Rev. William Dugan, chaplain of the Catholic Actors' Guild, as subdeacon, and

LAST THOUGHT FOR POLA

That Valentino's last thoughts turned to Miss Negri was disclosed in a letter written by his surgeon, Dr. Harold D. Meeker, to Miss Negri. Dr. Meeker gave the letter to Miss Pickford for Miss Negri. Miss Negri, at the Hotel Ambassador, made public the contents following the funeral. It was as follows:

"I am asking Miss Pickford, an old friend and patient of mine, to deliver this message to you, as I am going to Maine. About 4 o'clock Monday morning Mr. Valentino opened his eyes, stretched out his hands and said, 'I'm afraid we won't be fishing together. Perhaps we will meet again, who knows?'

"His mind was very clear and this was the first time he seemed to realize that he would not get well. Then he said:

"Pola—if she does not come in time, tell her I think of her."

"I feel under obligation to get his message to you immediately," Miss Negri broke down as she showed this message to reporters and was escorted to her bedroom by a lone nurse.

"This was his last message to me," she sobbed. "I must rest. You will please excuse me."

Flames Spread Out of Control Along State Road, but Oil-Plant Workers Turn Path

SANTA BARBARA, Aug. 30. (Exclusive)—A forest fire which broke out this morning along the State Highway at La Cumbre, thirty miles west of here, is out of control tonight and burning along a six-mile front. The fire for a time threatened the town of Gaviota, and the Associated Oil pumping station at Alcatraz. Employees of the oil company, however, succeeded in touching off an effective backfire, thus saving the plant and about 800,000 barrels of oil stored on the property.

At the same time another fire was reported on the opposite bank of the Santa Ynez valley. Forestry officials said tonight that the fire was started by a match thrown from an automobile.

Extra men were placed on the line yesterday as a strong wind was blowing. Today weather conditions are improved, and the men battling the fire line are laboring under less difficulty. Work is still concentrating on that section of the line near the famous Muir grove of big trees, which is still held intact with every belief now that it will be speeded completely.

About sixty men are patrolling the fire line and it is believed here that the fire is practically extinguished, this morning.

CHANNEL RECORD LOWERED

German Long Distance Champion Beats Time Made
by Miss Gertrude Ederle

(Continued from First Page)

Channel was 12h. 43m., a member of his party told an eyewitness on the beach at Langolton, near here.

A mist had obscured the cliff paths at the time, and few of the spectators who had watched the swimmer were able to get down to the strand to greet him. Only about a dozen soldiers and civilians were at the beach, where the swimmer ended his swim at an inaccessible point from above.

Soldiers told the Associated Press today that the German had a hard fight against the tide the last 300 or 400 yards. The swimmer, who was strongly to the west, and had Vieroetter missed the small cove where he did get ashore, he would have had to swim at least another mile and a half before he would have been able to land.

The German swimmer, the soldiers say, was using a double-breasted stroke, which is similar to the American crawl. When he touched ground and waded up to the beach attended from the tug Europe of Calais rowed ashore with the swimmer and hand-boiled eggs.

Corps Long of the Lancashire Fusiliers stationed at Swingate Camp, between St. Margaret's Bay and Dover, one of the few eyewitnesses of Vieroetter's landing, ran down the slip-path, down in the hard chalk cliff for 200 feet to meet the swimmer. As soon as he was aboard the tug steamed off to France.

Among the visitors today was former State Senator Arthur Harrington of Boston, who served in the Massachusetts Legislature with Mr. Coolidge. Mr. Harrington was accompanied by Mrs. Harrington, Mrs. Julia E. Duff, a former member of the Boston School Board, and her daughter, Mrs. Mary Duff, and by Rev. L. J. Harrington of Dallas, Tex., a brother of the former State Senator.

Will M. Hays, "ear of the film," is to be a guest of the President tomorrow and discuss the condition of the motion-picture industry, especially in the light of foreign competition.

Mr. and Mrs. Frank W. Stearns of Boston, who have been the guests at Newport D. Baker of Cleveland, for a week, will arrive for a vacation at the White Pine Camp for several weeks.

Pure Water
As Important as Pure Food.
That From Natural Springs is Best

Pure water helps eliminate, keeps system clear of poisons, aids in setting acidosis. Doctors everywhere are saying, "Drink more of it."

But they mean water that is free from all injurious minerals—a natural, soft water.

Arrowhead Springs Water comes from deep, clear, uncontaminated mountain springs, at the base of Arrowhead Mountain.

Clear as crystal, it is famous as one of the purest waters of the world.

Phone Westminster 5231 and ask to have a 5-gallon bottle delivered. It's not everything we claim for it, it's FREE, for we will gladly refund your money if you are not satisfied.

Folks are so partial to it that 7,000,000 gallons are consumed yearly in Los Angeles and vicinity alone—more than all other brands combined. It's "Arrowhead" you're sure it's pure.

REMEMBER THIS
The Broadway Department Store is

Open All Day Saturdays
Beginning Saturday, September 4th.

It is the intention of the publishers to present information and news of interest about this great metropolitan store and the things it sells which have an appeal to young people.

The Broadway Department Store Has Many Special Features for Children

Perhaps most prominent among the many phases of this store's activities of interest to growing youth is the 4th floor. This is essentially the children's floor. Here is located the Merry-Go-Round Shoe Shop, Children's Hair Cutting Shop, Girls' and Infants' Wear departments, Toy Department, Children's Portrait Studio, where photographs are made in a fashion somewhat after the movies.

Children are especially welcome at The Broadway Department Store and they have been an important factor in this store's growth and development. In looking over an old file of advertisements the writer came across one of this store's very early advertisements written by the founder himself in which appeared the statement, "If you cannot attend this sale, send your children."

CUPID'S BOW CAPTURES MANY HEARTS
Newly Originated Bob Lends a Graceful Curve to the Neckline

The Broadway—August 31—(Exclusive) In this section of Southern California, already established as a fashion center, creations in apparel and footwear are accepted as authoritative; but in hair dressing, too, fashions change, and so it is interesting to know that a new hair cut has been originated here by an extremely becoming hair cut, known as the "Cupid's Bow."

This new haircut, originated by the Haircutting Shop at The Broadway Department Store, features two gently undulating waves in the back, coming to a graceful point in the center. It is distinctly new, and is already becoming established in favor.

The Women's and Children's Haircutting Shop on the Fourth Floor of The Broadway Department Store is such a quiet, restful place; far from the din and noise of the street; light, airy; and so delightfully cool and clean with its tiled floor and gleaming equipment. Fifteen chairs assure quick service, and few delays, a decided feature in this age of speed and hurry. Then, too, waits may be eliminated entirely through the making of definite appointments. These appointments may be made whether in person or by telephone.

The selection of just the correct style of Hair Bob is an important Continued on Page 4, Col. 1.

Children unaccompanied by their parents may shop with ease and absolute confidence at this store. Parents know the reliability of The Broadway, in its business dealings; thus their implicit confidence in this store.

FREE BALLOONS

To every child visitor at the Merry-Go-Round Shoe Shop on the 4th floor of The Broadway Department Store Wednesday, September 1st, will be given a beautiful balloon on a stick. Take escalators—elevators to the 4th floor—Wednesday.

THE BROADWAY'S FIRST CHILDREN'S FROLIC OF THE SEASON WEDNESDAY

Winifred Pollard's School of Dancin' and Expression presents big troupe of kiddies in rollicking song and dance numbers

Wednesday, September 1st is the date set for the first big kiddies' frolic of the season given by The Broadway Department Store. It will start promptly at 2:30 p.m. on the 4th floor of The Broadway Department Store.

As hundreds of parents and children know, these joyous parties have become famous for being "all by kiddies and all for kiddies."

The season opens with about a half-dozen happy little people from Winifred Pollard's School of Dancin' and Expression, known the city over for their "Kiddie Kapers."

CHILDREN'S SPECIAL MENU WINS FAVOR

GARDEN CAFE, The Broadway, Aug. 31—A very pleasing innovation in downtown eating places is that recently instituted by The Broadway Department Store Garden Cafe. As a part of the delightful service of this interesting and unique Cafe is a children's Table d'Hôte Luncheon served in three courses, indeed a bountiful meal, including dessert, at the small cost of 25c. Very few restaurants in the entire United States have an established course luncheon for children. It is said that The Broadway is the first department store in the west to inaugurate this service. Eighth Floor.

Roller Skates and Scooters

Mean reaching school on time

Toy Town (The Broadway) Aug. 31—Fewer boys and girls will be late for school this fall because they are planning to buy a pair of roller skates or a scooter at The Broadway. The skates The Broadway offers are ball-bearing Union Hardware skates for both boys and girls and are considerably under priced at \$1.69. Smaller tots will find the Bi-Plane Scooter with its large tires and ball-bearing wheels a big help in getting to school on time. Priced very low at \$3.95. Both of these items are at The Broadway Toytown, 4th Floor.

Items in Today's Times On Sale Wednesday

Merchandise advertised in these columns goes on sale beginning Wednesday, September 1st, and continues through Saturday, September 4th.

WHEN FATHER WAS A BOY..... AND NOW!

Newly Invented Camera Abolishes Self-Consciousness in Portraits

Pictures Taken While the Subject is in Motion Guard Against the Fixed Expression, and Truly Reflect the Personality

The Broadway—August 31—(Exclusive) What a chuckle one gets in looking through "the old family photo album!" How funny the subjects look with their stiff, self-conscious poses... probably guaranteed by a stiff iron frame not unlike the bracket used in chemistry, securely bracing the head and neck.

FIRST IN SOUTHERN CALIFORNIA

But the old things are passing away, and all things are becoming new, and as portraiture takes on new interest with the use of the new Electropho camera, the first one in Southern California having been placed in the Portrait Studio of The Broadway Department Store. In fact this machine is one of the only three on the entire Pacific coast.

For children the Electropho is particularly well adapted, as it eliminates all necessity of endeavoring to have a child sit still for the picture. In this new way, the child simply sits in a mechanical revolving chair, and in its most natural way—laughing, talking, entirely unconscious of the picture taking—the camera rapidly records from ten to fourteen portraits in a manner similar to the motion picture machines.

EYES GIVE LIFE TO PORTRAIT

It is interesting to realize that in a portrait, it is really the eyes that give life to the picture, and so out of the group of prints, there are certain to be some which really reflect the true personality because the pictures are not "posed" or affected in any way.

For grown-ups too, the Electropho camera eliminates all possibility of a strained appearance, of a possibility of the appearance of self-consciousness, because that default moment of waiting for the shutter to click is non-existent.

10 TO 14 PROOFS TO CHOOSE FROM

The securing of ten to fourteen proofs is another feature which is most appealing, especially as it can be done at an even lower price than the former methods of still photography.

The Electropho Portrait Studio is conveniently located on the Fourth Floor of The Broadway Department Store—The only place in Southern California where this type of photo may be had.

Why not have some pictures taken to mark the opening of the new school year? Prices are extremely moderate.

THE SLATE

MOTHERS say of childhood that each succeeding age seems to be the most lovely. "Why can't they stay that way?" has been asked by almost every parent in the world!

There is a way to capture much of the sweetness of each year. The answer is Electropho Photography. The Electropho Camera is another marvel of the age of pictorial accomplishment. It was evolved from cinematography, or motion pictures.

One sits in a revolving chair, quite unconsciously following the Hollywood mandate "Be Yourself"—hardly realizing that the operator is "shooting" as steadily as the chair turns.

STILL LIFE

The result is living photographs—registering the animation and speaking expressions of subjects perfectly at ease. Gone are the puzzled staring little ones who have been teased, and teased, and finally ordered to "look at the birdie." Gone the records of tense discomfort on the part of grown up trying to look their best.

In their places strips (another movie idea) of life-like revolvings—yourself as others see you.

TODAY'S TOPSY-TURVY LAND

The romance of modern commerce performs seeming miracles. Nature makes winter summer in some places, and daytime dark on some parts of the globe. But the observance of Christmas, with its wonderful exchange of good-will, makes hundreds of thousands of people think as much about Christmas from January 1st to about the middle of the year, as you do on December 25th.

TOYS TRAVEL

Look at your geography. Talk to your mother or father about where toys are made. See how far they must travel. Some must cross part of Europe, across the Atlantic Ocean, across these United States, to Los Angeles. Today's issue contains a story about Christmas Toys... but it is interesting to consider your part in creating an up-to-the-minute Topsy-Turvy Land.

POISE APPROACH TO GENIUS

Since early civilization there have been patrons of art. To their efforts much appreciation is due for the development of genius.

The Broadway Department Store appears in this capacity during its winter season of juvenile entertainment. Programs are performed by children, for children. And, incidentally, provide opportunities for hundreds of children to make the public appearances which develop poise—one of the invaluable assets of genius.

LET CHILDREN SHOP

It is some time since educators decided that "Children Should Be Seen and Not Heard" was ready for discard. They reasoned, rightly, that if this rule were followed children would be twice as long in becoming worth listening to. Children are permitted to try their wings earlier than ever before. Instead of being "Yes, Ma'am" people on shopping tours, they are encouraged to make their own selections.

SHOP ALONE

It isn't necessary that grown-ups accompany children to The Broadway Department Store. Here they are accorded the same courtesy and seriousness as the their parents were present. Individual service and other resources are as completely theirs as the toys were of voting age. Also, this organization appreciates such proof of confidence on the part of parents.

IT'S LESSONS

It may be possible that youth can learn only by experience. But it is also possible that much can be learned by a child from the experience of his elders. Particularly in shopping.

It is very important that a child be trained to get worth equal to the buying power of his dollars. People who pay as much for an inferior article as for the best accept substitutes that will not answer their requirements, or fail to find out from the salesman just to get the greatest value out of equipment, are people who have not had the good fortune of parental guidance. Every shopping trip is a little lesson in life that should be regarded as highly important.

TIME SAVED

It is good to know that lessons learned in youth are applicable to every age. Mother and Dad are doing more than being companions to their children in helping them to discern value... They are doing this in a season when time may be spared for lessons. Later Time itself has lost not value, and those who have been shown the way, will want to use it to advantage.

VACATION DAYS OVER! SCHOOL OPENS SEPTEMBER 7th

City's 333 Schools Anticipate Record Enrollment—Last Year's Enrollment 295,760

LOS ANGELES, Aug. 31 (The Broadway)—The office of the Superintendent of Schools has very kindly supplied The Broadway with some figures of great interest, concerning the Los Angeles Schools. The figures apply to kindergarten, elementary, Junior High, Senior High, Evening High, Part Time, Citizenship, and Trade Extension. The number of schools for 1925-26 is given as 333; the number of teachers 7,589; enrollment 295,760, and average daily attendance 172,081.

These figures show a very considerable increase over the 1924-25 period. There seems no doubt that there will be an great, or possibly a greater, increase for 1926-27. The increase may be predictable shortly after the enrollment for September.

During the past four years the City of Los Angeles has carried on an extensive program of building, to take care of the rapidly increasing demands of its citizens of the future.

CHILDREN'S MERRY-GO-ROUND SHOES POPULAR

Novel Shoe-Fitting Device Entertains Kiddies While Shoes Are Being Fitted!

THE BROADWAY, Aug. 31—(Exclusive) Merry-Go-Round Shoes for children are an exclusive feature with The Broadway Department Store. And so is the gayly colored Merry-Go-Round, with seats between various animals that keep the children entertained and entirely tractable during the serious business of acquiring perfectly fitting shoes.

The Merry-Go-Round has a striped canvas top. Its seats are just the right height for boys and girls to sit in most comfortably. Then, too, they bring young feet up to a convenient level for Mother's inspection, as she sits nearby. That this arrangement helps the salesman to do his work better than ever, goes without saying.

New Merry-Go-Round Creations Just Arrived!

Used to be that just because one was very young, one had to be content with black, white, or brown shoes... very square as to toe... and almost severely plain. Now little girls may have models, and color effects very much like big slater and mother wear, and Junior has to keep his Merry-Go-Round footwear separate from Dad's to avoid mistakes.

Just like the Merry-Go-Round goes round and round, Merry-Go-Round Shoes wear, and wear, and wear.

Christmas Toys En Route To Toy Town

"Shop Early" is Slogan of Santa Claus

NEW YORK OFFICE. (The Broadway) Aug. 31—During February and the early spring months, the markets in the east are filled with samples of wonderful toys of all kinds. Representatives from the big factories of Europe come to New York and spread their wares before the toy buyers of America. All the new ideas that have been in the minds of the originators of new toys have been made up in attractive models and put out for the buyers.

Children Greatly Interested in Christmas Plan

Toy Production Doubled in America

(Continued From Page One)

Since the war, great new factories have sprung up in America. Where at least 60% of the toys were made in Europe and sold here before the war, now the ratio is fully 75% made here. Domestic toys are well made too; and domestic manufacturers are making great strides toward getting a large bulk of the trade from foreign makers.

It is the job of the toy buyer to guess correctly what little Bobby and Betty will most want the coming Christmas which is yet 10 months or more away.

When selections are made, the manufacturer takes his samples and goes home to his factories and sets to work making the toys on order. Sometimes they have to work night and day to get out all the games, books, mechanical toys and the myriad of wonderful things designed to make the heart of childhood happy on Christmas day.

The Broadway Receives Toy Shipments Daily

As early as July toys began to arrive at The Broadway Department Store's receiving room. Some of them were received direct from foreign ports; others are coming in shipment after shipment to bring happiness to the children of the west.

Toys That Mean Much to Childhood

Aside from the pleasure that children get from playing with toys, there is a big underlying reason why toys should be chosen with care and thought. Children do not bear the burdens of the world and cannot learn how to meet and overcome the difficulties of living except through their toys. Toys should be bought for them that present interesting problems thus exerting their minds to the utmost activity.

Newest Thing in the Toy World for 1926

The manager of the Toy department at The Broadway Department Store made a trip to the markets in the East as early as last February. He bought there, thousands of dollars worth of lovely and interesting toys for the boys and girls of Los Angeles. But there is one thing that he is especially happy to have for the children and their parents who visit Toy Town at The Broadway. It is an out-of-door railroad system. The engine is so like a real engine in design and workmanship that pictures of the two would be identical. This marvelous toy is made rust-proof, to be used out-of-doors. Just think what joy a boy would have in constructing a whole railroad system in the back yard! What wonderful things he could learn about the mechanics of engineering and management.

More and more are thoughtful toy makers turning to this kind of thing for the children of America. The trend is toward better made toys that not only serve as pleasure and amusement for the youth but food for his mind as well.

Gymnasium Bloomers Should Be of Sateen

THE BROADWAY, Aug. 31. (Exclusive)—The strenuous hours spent in the gymnasium and other athletic work will tax garments, and bloomers should be of sturdy sateen, roomily cut and well made. Other splendid bloomers are of cotton Henrietta, Lawson quality. All sizes are priced \$1.50.

Elastic at the Waist and Knees

For girls of 7 to 14 years one may select splendid bloomers of staunch sateen in black, white or flesh. Sizes up to 14 at 50c and 75c. Size 16, priced \$1.00. —The Broadway—Girls' Shop—Fourth Floor.

Serge Is Being Chosen for School Shirts

Navy Blue Being High in Preference

THE BROADWAY, Aug. 31. (Exclusive)—For practical dependability, coupled with an assured neat appearance, mothers are choosing serge for school skirts of navy blue French serge.

Newly-arrived garments are of firm, even weave, are roomily cut, and splendidly made. Genuine Amoco 7120 serge is the material; a width and half being used in sizes 12 to 16 giving the desired fullness in the skirt. Have detachable waists. \$4.95.

Some are in lighter weights. French serge in a lighter weight is used, too, for less expensive skirts priced to suit at \$2.50. —The Broadway—Girls' Shop—Fourth Floor.

HEALTH DEMANDS CAREFUL SELECTION OF THE CORSETTE

School Athletics Require Garments of Proper Supporting Character

THE BROADWAY, Aug. 31. (Exclusive)—In the school games, in the gymnasium, it is most necessary that a girl's figure is given the proper support without undue restraint.

SWEATERS OF PURE WOOL MOST HEALTHFUL

THE BROADWAY, Aug. 31. (Exclusive)—Medical authorities are of the opinion that pure wool sweaters are the most desirable for fall and winter wear. Newly-arrived sweaters of pure wool have been liberally priced. These are in sizes two to six years.

"TIMES" ELECTION
SERVICE

This evening The Times will
give its customary election
service by stereophonic at First
and Broadway, by radio from
KHJ, The Times' giant broad-
cast station, by extra editions
during the evening, and by
telephone to all who call. Ar-
rangements have been made for
receiving returns from all parts
of the State on the primary
election contests, and these re-
turns will be made public from
The Times office as fast as re-
ceived. Times returns will also
be read from the stage at the
Majestic Theater.

LIVE-STOCK
ENTRIES AT
FAIR LARGE

Nearly 600 Head of Dairy
and Beef Cattle Will be
Exhibited

SACRAMENTO, Aug. 30. (Exclu-
sive)—The "bigger and better" slogan
as applied to the State Fair in gen-
eral will apply particularly to the
live-stock exhibits in the coming
fair, September 4 to 11.

Nearly 600 head of dairy and beef
cattle will be exhibited, including
three carloads of beef sent to Sacra-
mento by the Los Angeles County
Fair Association of Pomona; two car-
loads by C. S. Hardy of San Diego
and one carload by H. O. Harrison of
Woodland.

Competition in the Jersey and Hol-
stein classes will be stimulated by the
first appearance at the State Fair of
herds owned by Miller Cattle Com-
pany, and Alex McMinn of Phoenix,
Ariz.

The sheep barn, housing 400 head,
will include the first flock of Suffolk
ever shown in California. It is owned
by Nancy C. Frost of Elmer, Calif.

There will also be car lot shipments of
sheep by Hardy of San Diego and
W. J. Glicking of Elmer, as well as
entries in the various classifications
by William Riddell of Monmouth,
N. J., and the Rio de Salinas, Cal. Floyd
Fox of Silverton, Or., and W. Spencer
of Cranmore, president of the Cali-
fornia Wool Growers Association,
Bullard Bros., of Woodland, the
Straloch farms of Davis and Walter
Hubbard of Fresno.

Approximately 400 head of swine
will be shown, the principal exhibitors
being the Miller Cattle Company,
Alex McMinn and the Phoenix Indian
School.

H. C. Mudders' string of fifty-three
Percherons and Clydesdales from his
stock farm near Sacramento will fea-
ture the show of draft horses. This
is the largest entry list ever made in
the State Fair. Other prominent ex-
hibitors will be J. A. Franklin of
Durham, with fifteen head, C. W.
Bowers of Sacramento with twenty-
eight head, and Edgar Simpson of
Wood with six.

J. H. O'Brien,
Bay City Power,
Taken by Death

SAN FRANCISCO, Aug. 30. (AP)—
James Henry O'Brien, noted in the
West as a railroad builder and in
San Francisco as dean of "the Cab-
inet," died at his home here yester-
day following a stroke the day
before. He was 63 years of age, and
had been in bad health for two
years. He was born in New Brun-
swick, N. J.

Mr. O'Brien occupied a unique po-
sition locally. He was credited with
having placed many men in public
office but never sought office him-
self.

"The Cabinet," a club of prominent
men, was formed in O'Brien's office
forty years ago. He was its perma-
nent chairman. It always met on
St. Patrick's Day at a luncheon. Such
men as the late Mr. H. D. Young, pub-
lisher of the Chronicle, and the late
Justice William P. Lawlor and Jus-
tice Thomas J. Lennon, were mem-
bers.

The funeral will be held from St.
Mary's Cathedral tomorrow.

COURT RULING SCORED

High Tribunal's Decision Assailed by
Bay City Supervisor

SAN FRANCISCO, Aug. 30. (AP)—A
decision handed down by the State
Supreme Court last week in con-
nection with the sale of power from
the municipally-owned House Henchy
power plant was assailed by House
Supervisor Havener as "an undemocratic
and outrageous violation of the prin-
ciples of true citizenship" before the
Board of Supervisors here today.

Havener's attack was followed by a
protest from Supervisor Coleman
against "the unheard-of remarks of a
member of this board in criticizing the
highest tribunal of the State."

The decision in dispute was one
in which the court ruled that sur-
plus earnings must be used in the
payment of interest and the retire-
ment of bonds and not in the con-
struction of extensions to the power
plant.

HOME BREW APPROVED

Declaration of Intention Not Required
For Fruit Beverages

SAN FRANCISCO, Aug. 30. (Exclu-
sive)—For the first time since the
advent of prohibition, housewives
who make their own beverages from
fruit juices are not required to file
"declarations of intention." Such per-
sons will be permitted, as usual, to
make 200 gallons of grape or other
fruit juice—excepting cider—and if
it turns to wine, the government will
take no action providing the owner
neither sells or transports the liquor.
"The declarations of intention,"
said Collector of Internal Revenue J.
P. McLaughlin, "were abolished be-
cause the people who filed them
thought they were authorized to
make wine. This was not the pur-
pose. The 200-gallon limit was set
so that if more than this amount is
made, the Internal Revenue Bureau
can collect the stamp tax of 16 cents
a gallon. The head of a family is
permitted to make not more than
200 gallons for his own use."

Important Announcement

TRANSCONTINENTAL
TELEPHONE SERVICE
CHANGES

Effective October 1, 1926

Reduction in Transcontinental Rates

Substantial reductions will be made in Transcontinental
rates, for example, the day station-to-station rate between
Los Angeles and Chicago will be \$7.70 instead of \$11.10;
between Los Angeles and New York \$10.75 instead of
\$15.65; between San Francisco and Chicago \$8.35 instead
of \$11.90; between San Francisco and New York \$11.30
instead of \$16.50.

Reversed Charges on Transcontinental Station-to-Station Calls

Heretofore the reversal of charges has been available only
on person-to-person calls. As a further convenience to the
public this privilege will be extended to Transcontinental
station-to-station calls.

Longer Reduced Rate Period on Transcontinental Calls

Reduced rate hours for Transcontinental station-to-sta-
tion calls will begin at 7 P. M. instead of 8:30 P. M., as
formerly. Between 7 and 8:30 P. M. the discount will be
approximately 25 per cent. of the Transcontinental day
station-to-station rates; from 8:30 P. M. to 4:30 A. M.,
the discount will be about 50 per cent. of the day rates.
Because of the unsatisfactory service conditions which it
brought about, the existing midnight discount will be dis-
continued on Transcontinental calls.

The net result of these rate changes will be a saving to the telephone users of
the United States of approximately \$3,000,000 a year. The service changes
are made in the interests of public convenience, to relieve the burden now
imposed by the congestion of business at midnight and to furnish still better
service over the Transcontinental lines of the Bell System.

PRACTICAL RECIPES

Helps for Epicures and All Who Appreciate Good Cooking

SPANISH RICE
Put two cups of rice in frying pan with two tablespoonfuls of lard and one small onion, sliced thin; let cook a short time, then add one can of tomatoes and two ounces grated cheese; season with salt and cayenne pepper, cook slowly until done, adding hot water or stock if too dry. This will be sufficient for twelve persons.

SPANISH RICE
Wash well two cups of rice, put on to boil in one quart of water, one teaspoonful of salt. When it begins to get tender, add one small onion, chopped fine, one cupful of chopped ripe tomatoes (as much of the juice as is possible drained), two cups of water, a dash of butter, a pepper, two teaspoonfuls of chili powder, mixed with a little cold water, and three heaping tablespoonfuls of sugar; let all cook slowly until well done. Delicious if served with mutton.

CHEF WYMAN'S ANSWERS
SPANISH RICE
J. M. N., Hollywood. Fry for a few seconds in two tablespoonfuls of fresh lard one cupful of rice, add a little chopped onion and a clove of garlic; one cup of chopped cold chicken, well drained; season with salt, pepper and a teaspoonful of sugar; cover all with boiling water and cook slowly, without stirring. When rice is nearly done, remove cover.

DILL PICKLES
J. H. W., Los Angeles. Use cucumbers from six to eight inches in length. Wash and wipe carefully and arrange in layers in a large earthenware jar or a keg without a head.

APPLE PIE
A. F. L., Santa Barbara. Line a pie tin with pastry made in these proportions for one pie. One-fourth teaspoonful of salt and one rounded tablespoonful of lard rubbed into one heaped cupful of sifted pastry flour. Wet with cold water to a stiff dough. Pat with rolling pin into an oblong, half inch thick, spread with one rounded tablespoonful of cold lard, dredge with flour, roll over, then pat down flat and roll into a long narrow piece, roll over like a jelly roll and divide in middle. Stand one half on end, pat flat, and roll out to fit the plate; a trifle large to allow for shrinking. Fill the plate with pared and sliced tart apples. Roll the other crust and lay it on lightly without pressing edges together. Bake in a hot oven, and when brown and the apples are soft, run a knife between the crusts. Remove the top carefully to another plate. To the hot pie add a spoonful of butter and a mixture of half a cupful of sugar (or more if liked very sweet), a slight dash of salt, and one-eighth teaspoonful of any spice preferred, nutmeg, cinnamon, or allspice, ground lemon rind. Mix carefully till butter and sugar melt, cover with top crust and serve. Or, take one part of the seasoned apple, lay upper crust with top down on the pie, and cover with the remaining apple. Serve while warm.

For festive occasions cover the top with whipped sweetened cream; or with a meringue of two egg whites and two heaped tablespoonfuls of powdered sugar flavored with lemon juice and brown it slightly.

JELLIED CHICKEN AND RICE SALAD
A. J. J., Santa Monica. Cook one and one-half cups of chicken stock or water with one finely chopped onion, one chopped red pepper, one teaspoonful of salt and one tablespoonful of Worcestershire. Cook three eggs until hard, and cool. Soak in enough water to cover, two tablespoonfuls of gelatin. Add the hot stock to the gelatin and when thoroughly dissolved pour into an oblong wadded mold to the depth of one-half an inch. Set on ice until stiffened. Then arrange slices of the hard cooked egg on the jelly. Finally add the remainder of the eggs cut in slices and two cups of diced chicken meat to the hot stock, and pour all into the mold. Chill and serve in slices with salad dressing, either with or without lettuce.

SALTY LUNES
C. G., San Pedro. Four cups of flour, four tablespoonfuls of sugar, four tablespoonfuls of butter, quarter of a teaspoonful of salt, one yeast cake, two eggs, half a cupful of milk, and water. Crumble the yeast cake into a cup, put with it one teaspoonful of flour and sugar. Half fill the cup with lukewarm water, stand in a warm place for a quarter of an hour. Stir into a bowl the flour, salt and sugar, rub in the butter. Pour the yeast into the center of the flour, and the eggs well beaten, milk, and enough lukewarm water to make a very soft dough. Mix and beat well with a wooden spoon, set in a warm place to rise for one hour. Grease three round cake tins, place the mixture equally in these. Stand in a warm place till risen to the top of the tins. Brush over with beaten egg, bake in a hot oven for ten minutes. They should be lightly browned all over. Stand a minute before turning out. They may be buttered and eaten fresh, but are usually split in three and toasted when a day old.

OKRA
D. H., Los Angeles. Test with the thumb nail. Unless the nail cuts it freely the pods are too tough. But do not throw away the tough ones. Shell the seed from them and either dry to use in soups, or to cook when they should be served with butter, vinegar and salt. Cut stems off the pods, cook whole those half grown or under, but cut those more mature into half-inch slices. Boil tender, in water very lightly salted. When a fork pierces them readily they are cooked enough. Drain them well, lay in a deep pan or hot dish, dress liberally with butter, pepper, salt and vinegar, and set for five minutes in a hot oven. They should be served very hot.

TYPOGRAPHICAL UNION REJECTS WAGE OFFER
NEW YORK, Aug. 30. (AP)—A compromise offer by the Publishers' Association of New York City to meet the demands of the International Typographical Union for an increased wage scale has been rejected. James M. Lynch, president of the union, said today. The offer was submitted after seven months' negotiations between committees of the two organizations, and was to supplant the scale that expired June 30, last.

NEW GUINEA REPORTS RECORD GOLD STRIKE
SYDNEY (Australia) Aug. 30. (Exclusive)—Remarkable stories are reaching Australia of exceedingly rich areas of gold-bearing territory in the upper reaches of Eddie Creek in New Guinea. It is said that it is a veritable Eldorado and second Klondike. The people are warned against rushing into the field on account of the terrible difficulties in the way of transportation, savage natives and fevers.

Oysters, clams and shrimps contain more iodine in proportion than any other product of the sea, according to the Bureau of Fisheries, and their generous use as food is recommended as a preventive of goiter.

SEVEN SHOT, GIRL SEIZED IN HOLD-UP
Police Ambush Bandits Attempting \$6000 Robbery, Woman Hunted

CHICAGO, Aug. 30. (AP)—A pretty 17-year-old titian-haired girl from the rural districts near Green Bay, Wis., tonight became the central figure in a police investigation of a car bandit raid here last night in which seven men were shot, two fatally. A second girl, Marie Nolan, is described by Miss Frances Vaughn, the Wisconsin maid, as being the "brains of the plot" to rob the car barn cashier's office of \$6000. A search for her is being made.

The Nolan girl escaped in the bandit's car in a shower of bullets fired by policemen, who, meanwhile, fought furiously to retain a hold on the biting, scratching and slugging Vaughn girl who sought to ruin his aim after he had dragged her from the waiting automobile.

A police ambush was prepared when officers were informed of the plot by a car barn employee. Another girl, whose description fits that of the Nolan girl, was arrested this morning. Police are doubtful that she is Marie Nolan.

Ernest Delavern, shot four times in the back and shoulders in the hold-up, escaped, but was found today in a deserted flat lying on a cot in a serious condition from loss of blood. Joseph Delavern was killed, and William Maloney was shot in an attempt to escape. He died.

Three police officers and a car barn superintendent were grazed by bandit's bullets.

CINEMA STRIKE FADES
New York Operators' Union Signs Compromise With 175 Theaters

NEW YORK, Aug. 30. (AP)—A compromise agreement was reached today between the Moving Picture Machine Operators' local union, composed of 1800 operators, and representatives of 175 independent moving-picture houses in Greater New York. The strike scheduled for September 1 was averted, so far as these houses are concerned.

The operators, who originally demanded a 20 per cent increase in salaries, agreed with the exhibitors on a 5 per cent increase for operators in theaters up to 800 seats and 10 per cent increase for operators in theaters seating from 800 to 1000.

The contract is for two years. The union men agreed to operate in theaters of less than 300 seats without an increase in salary.

**UNIONS' PROTEST
SEEN AS UNJUST**

**Farmers Cite Necessity for

**Declare American Workers

**Arizona Cotton Raisers Tell
Labor Problem**

PHOENIX, Aug. 30. (Exclusive)—Salt River Valley farmers fail to see the justice of the protest that has been made at Washington by unions against the importation of 1500 Porto Ricans for use in the valley cotton fields. To the statement that the re-entrants will be used to depress the wage scale to a point where American laborers could not compete, the answer is returned that very few American laborers can be found in any of the southwestern cotton fields, save on ranches where they have an interest by rental or otherwise. Even Indians are hard to get, while negroes, even brought in from Oklahoma, prefer the cities. The Spanish-speaking people have been the main reliance.

Now, by regulation demanded by the unions, the supply of Mexican pickers has been cut off and the valley is declared to need 4000 more than are available. The price of picking has been set at from 14 to 2 cents for the seed cotton, of which 1700 pounds must be gathered to make a 300-pound bale of lint. Thus the picking charge may run about 7 cents to the pound of lint, to be taken from a probable 18-cent market. Any greater cost might leave many fields unpicker.

The price to be paid is declared good in view of the fact that even

**Interparliamentary Union
Committee Suggests Time
as Fifteen Years Hence**

GENEVA, Aug. 30. (P)—The humanitarian committee of the Interparliamentary Union, which is preparing the program for its conference to be held in Paris in 1927, has adopted a resolution offered by Representative Stephen G. Porter of Pennsylvania, providing that the various governments shall be urged definitely to suppress opium smoking in the Far East within fifteen years.

The withdrawal of the American delegation from the Geneva opium conference last year was due to failure of the powers to set a time limit for the suppression of opium smoking in their Far Eastern possessions, and the acceptance of Mr. Porter's resolution is considered a signal victory in the war against the opium evil.

Another resolution adopted by the union committee calls attention to the danger to the health of peoples through the abuse of opium, and demands that the powers should exert every effort to obtain a revision of the agreements. This virtually is a bid for a new opium conference.

WYCLIFFE ELUDES POLICE

**State-Wide Search Prosecuted for Husband of Actress
Killed in Leap From Auto**

Police yesterday redoubled their efforts to locate J. Alvin Wycliffe, who had masqueraded here as H. Bedford-Jones, noted magazine writer and novelist. In order to have him testify before a coroner's jury tomorrow at the inquest into the death of Mrs. Margaret Morgan Wycliffe, pretty motion-picture actress and wife of the man sought, Mrs. Wycliffe died Sunday morning as the result of injuries she received when she leaped from a speeding driven car abandoned by a moment before by Wycliffe, according to Glendale police versions of the affair.

While a State-wide search for Wycliffe is being prosecuted, it was definitely established yesterday that his claims to identity as the magazine writer and novelist were false. Wycliffe had also claimed authorship of a novel, "Against the Tide," written by John Wycliffe, name sometimes used by H. Bedford-Jones, and published by Dodd, Mead & Co., Inc., according to friends of Mrs. Wycliffe and acquaintances of Wycliffe.

In branding Wycliffe's representations as false, J. B. Williamson, 735 1/2 South Dunsmuir street, brother-in-law of the writer, gave support to the belief that the masquerade had been carried on for several years. Mr. Williamson stated that the real H. Bedford-Jones lives in Ann Arbor, Mich., and is now in New York, from where he will sail for Europe tomorrow. He declared that in the past two years he has received from his sister several bills on local stores made out in her name, although she has not been in California for more than six years. Mr. Williamson expressed the belief that the bills had possibly been made by some woman working with Wycliffe.

WRITING TO PUBLISHER

At one time, it was learned yesterday, Mrs. Wycliffe had written to the publisher, Charles Scribner's Sons, 787 Tuxedo Terrace, a friend, to write to the New York publishing house to establish truth of Wycliffe's claims of being H. Bedford-Jones. Mr. Williamson was annoyed at the time by Dodd, Mead & Co. to the effect that John Wycliffe and H. Bedford-Jones were the same person, and Wycliffe's claims were strengthened in the minds of his wife and her friends.

Although his acquaintance with Wycliffe was but casual, C. W. Scott, general manager of the western division of the International Publishing Company, with offices in the Security Building, said yesterday that Wycliffe had represented himself as H. Bedford-Jones and as Wycliffe, the writer. Scott was given several magazine articles by Wycliffe, who explained his use of the different names as a way of escaping the income tax. Wycliffe had made the same representations to William Kemp, salesman for the Westlake Auto Company, and Wycliffe's claims were strengthened in the minds of his wife and her friends.

Kemp stated that Wycliffe had written him numerous magazine articles under the name of Bedford-Jones and which he claimed as his own, as well as numerous pen and ink sketches. Mrs. Marie Donham, 233 North Kenmore street, also said she had been often spoke of his real identity as Bedford-Jones, the writer.

Mrs. Elizabeth Taylor, who operates a rooming-house at 953 South Lake street, yesterday identified pictures of Wycliffe as a man known to her only as "Pat," who had lived there for several months as the husband of a girl under the name of Emily Moody. According to Mrs. Taylor, the couple disappeared about three weeks after the man had been ill for several days.

**Gen. Vallejo Kin
Indicted by Jury
in Federal Case**

SAN FRANCISCO, Aug. 30. (P)—Mrs. Hazel Vallejo King, a granddaughter of Gen. Vallejo, was indicted by the Federal grand jury here today on a charge of impersonating a government officer.

The woman was arrested in Sacramento last week. She is known under the alias of Mary Correa and W. E. Correa. The indictment charges that she issued a worthless check on the Western United States Shipping Board, under her signature.

**CROOKED BANKRUPTS
MENACING BUSINESS**

NEW YORK, Aug. 30. (P)—The New York World today says that legitimate business concerns in the United States are defrauded each year of \$250,000,000 by a new scheme of crooked bankruptcies.

"The crooked trust," as it is known in police parlance, has its center in New York, but it is being copied throughout the country and the law cannot aid the creditors, the paper says. The authorities say it is the most popular "racket" ever known to commercial sharks.

While there are many ramifications of the scheme, the paper says, the essence of the plan is essentially the same:

The "racketeers" with money from "angles" who put up the small capital needed to set up a business. A man in charge known as a "front" purchases on credit huge amounts of merchandise, sells it to cash buyers, or "fences," at from 30 to 50 per cent of its value, then hides the cash and simply goes bankrupt.

Little of the loot is ever recovered.

**GRANDMOTHER TO
FIFTEEN SUCCUMBS**

SACRAMENTO, Aug. 30. (P)—"Grandmother of fifteen grandchildren and one great-grandchild," reads the formal notice of Mrs. Ellen Sullivan, 79 years of age, who died here yesterday. Mrs. Sullivan, a native of Ireland, was the widow of Michael J. Sullivan. Surviving her, besides the grandchildren of whom she was so proud, are two sons, Daniel P. and John L. Sullivan of this city; Mrs. Daniel Healy of Sacramento and Mrs. E. G. Dunning of Oakland, daughters.

Let us quote from a San Francisco Market Letter under date of August 25th last:

The local Refiners declined prices on Sugar 20 cents per hundred effective 8 A.M. this morning.

Although the local decline was unexpected for such short notice, the new price appears to be more in line with Eastern Refined Sugar levels.

Possibly this decline was influenced by the act of the Safeway Stores in bringing in a cargo of sugar from Cuba.

REED AIMS AT PURE SOBRIETY

Declares for Temperance by Choice, Not Force

Senator Outlines Views in Letter to W.C.T.U.

Opposes Repeal of All Missouri Dry Laws

KANSAS CITY, Aug. 30. (P)—Opposition to the repeal of all the Missouri prohibition laws was expressed tonight by United States Senator Reed, for of the Anti-Saloon League and of the Federal Prohibition Enforcement System.

The senior Missouri Senator declared he aimed at making America a sober nation and that "there is a sound middle course" between the demands of the extreme wets and dries. "The liquor business should be regulated—not outlawed," he declared. "Temperance and sobriety should be taught—not forced. Forced prohibition is as bad as unrestricted liquor traffic."

WRITER LETTER

Senator Reed declared his stand in a letter to Mrs. Nellie G. Burger, president of the Missouri Woman's Christian Temperance Union, who in a circular letter had made an attack on a referendum proposal to be voted on in November which in general provides for the repeal of all Missouri's restrictive liquor legislation. He wrote Mrs. Burger that she "may be surprised" to learn that he is in accord with her opposition to the proposition, "although from quite different reasons than those which you advance."

LINCOLN MEMENTOES SOLD

Col. Oldroyd's Washington Collection Purchased by Government for \$50,000

WASHINGTON, Aug. 30. (Exclusive)—Thousands of relics intimately associated with the life of Abraham Lincoln came into the possession of the government this afternoon when Col. Osborne C. Oldroyd accepted \$50,000 for the collection which he spent more than sixty years in gathering.

The check was handed to Col. Oldroyd by Harris Jones, assistant director of public building and parks in the national capital, and the transfer took place in the old house on Tenth street which has housed the collection for years and undoubtedly will be continued as a Lincoln museum under the supervision of the Smithsonian Institution.

It was in this house that Lincoln died after he had been shot by John Wilkes Booth in Ford's Theater, across the street.

Sixty-six years ago, when Lincoln was a candidate for the Presidency, Col. Oldroyd, then a newsboy in Mount Vernon, O., began the collection by gathering Lincoln campaign literature and devoting every penny to the purchase of other Lincoln mementoes. In 1878 he moved to Springfield, Ill., and made many valuable additions to the collection.

When it seemed certain that the collection must fall into the hands of private collectors and be scattered all over the country, Representative Bathbone, Republican, Illinois, became interested and finally succeeded in obtaining the approval of Congress during the last session for a bill authorizing the purchase at a price not to exceed \$50,000.

The Illinois distillery and home-brew plan abolished. This can only be accomplished by providing a strictly controlled legitimate source of supply, and by teaching the principles of true temperance and universal sobriety. Otherwise, we will perpetuate the curse of the bootlegger and the calamity of general law-violation.

Senator Reed told Mrs. Burger he hoped she and her committee "will soon come to the conclusion that temperance in drinking can best be promoted by temperance in thinking."

LOST WILL DENOUNCED AS FORGERY

Document in Hopkins Case Branded Bogus by Lawyer; Eastern Arrest Hinted

RAN FRANCISCO, Aug. 30. (P)—The hearing of an application for the probate of a document submitted as the "lost will" of Mark Hopkins, multimillionaire railroad builder, was continued until November 16, when the paper was attacked as a forgery in Superior Court here today.

The attack upon the document was made from two angles—one by Charles H. Lovell, representing the Hopkins heirs living in California, and the other by James London, representing 200 claimants to the Hopkins estate who base their claim on an asserted relationship, entirely apart from the "will."

London declared that a warrant is out for the arrest of the man who is asserted to have forged the document. He was given permission by the court to obtain depositions from persons in North Carolina in an effort to prove the asserted will a forgery.

The heirs who already have inherited the Hopkins fortune, now estimated to be worth \$300,000,000, appeared for the first time today to defend their rights. Samuel Hopkins, a grandnephew of the late Mark Hopkins, was represented by an array of legal talent.

The purported will upon which the latest claim on the Hopkins fortune is based was filed for probate three weeks ago by Percy McCandless, a building contractor of San Jose. The instrument was utterly written, and historians of the Hopkins estate immediately attacked it as false.

WANTS HUNTERS TO KILL DEER

Rancher Urges Men to Reduce Excessive Game Population

PORTLAND (Or.) Aug. 30. (Exclusive)—Hunters are cordially invited to make their headquarters at the ranch of D. L. Neiderhiser, Anchor, Or., as soon as the deer-hunting season opens. The reason for this hospitality is that the deer are so numerous in this district that they are eating the farmer out of house and home. To date the uninvited dinner guests have consumed \$100 worth of onions, \$25 worth of beans, \$75 of tomatoes, \$10 of cabbage, \$10 of cucumbers, and they are just starting on the squash.

Neiderhiser writes in to Game Warden Averill saying: "I haven't bothered you deer—now it's up to you to send me some hunters."

pointing out that the railroad magazine was a well-educated man.

PRODUCTION OF SISAL LIMITED

Governor of Yucatan Orders Curb on Crop

Binder Twine Prices May be Affected

Second Attempt at Better Rates for Goods

MEXICO CITY, Aug. 30. (Exclusive)—The American farmer probably doesn't know it yet, but he is greatly interested in a decree just signed by the Governor of Yucatan, restricting the production of sisal in that State. The purpose is to put up the price of sisal, and since most of the binder twine used by the farmers of the United States is made from sisal, which is called sisal there, the price of binder twine will go up.

For the seven months of this year, ending with July, the receipts of sisal in Progreso, the port of Yucatan, were \$20,209 bales.

This was a record for six years, more than has been received in the first seven months of any year since 1920, when \$78,573 bales were received from the plantations for shipment to New York. The price now in New York is nine and a quarter cents a pound, American money.

The Governor's restriction decree provides that growers who produce less than fifty-seven tons may continue to grow that amount; those who produce between 57 and 115 tons must cut their production 10 per cent; those who produce between 115

MRS. PRESIDENT HELD POSSIBLE

Seattle Mayor Says Woman May Some Day Occupy White House

SAN FRANCISCO, Aug. 30. (P)—A woman President of the United States is not at all impossible, Mrs. Bertha K. Landis, Mayor of Seattle, told interviewers upon her arrival here, accompanied by her husband, Prof. Henry Landis of the University of Washington. She said that the nation might see a woman as its head executive some time in the distant future.

Mrs. Landis is here to make a study of hospitals of the San Francisco Bay district.

and \$48 must cut the production 20 per cent; those who produce between 945 and 975 must cut 25 per cent and those who produce more than that must cut 30 per cent.

Yucatan once before attempted to raise the price of sisal by restricting the production and the marketing, with the result that the Philippine fiber was brought into the market as a substitute; and the Yucatan experiment proved disastrous to the business.

Do you ask for it?

LAST NIGHT, when her family sat down to supper, Mrs. Sven Nygren in Stockholm very likely served a raisin soup, for raisin soup is quite the thing in Sweden now.

And, very likely, the raisins she used were Sun-Maids, grown and packed here in California, for Swedish women are most careful to ask for "Sun-Maidrussin."

In China yesterday some tiny tot became the possessor of a cash, just a fraction of our penny. And he spent it yesterday, as thousands of Chinese children did—for eight Sun-Maid raisins in a little paper envelope.

Across the continent; on to Europe; across the Pacific to Japan, to China and into the very heart of Asia go

Sun-Maid raisins to supply a growing demand. California is today the raisin center of the world.

That may rightly be a cause for pride on the part of Californians.

Why and how California has won this distinction will be the subject of some later announcements in this paper.

But one of the reasons may be learned at practically any grocery store—in the red and blue Sun-Maid cartons.

The world has no other raisins like Sun-Maid Nectars, with the fragrance, the flavor and plump tenderness of fresh grapes—like Sun-Maid Puffed, seeded raisins that aren't sticky, that carry all the flavor of the Muscat grape.

Do you ask for Sun-Maid raisins?

Many places where our
most wanted Sun-Maid

Working together, we of Sun-Maid have constantly improved the raisins we offer to California and the world.

Consumers will appreciate our two packs—Sun-Maid Nectars and Sun-Maid Puffed. We share with all Californians the pride we take in presenting them to our world-wide trade.

NEW YORK, Aug. 30. (AP)—Speculative interest in today's stock market centered largely in the railroad and oil shares, several of which attained new peak prices for the year. Price movements in the general list disclosed marked irregularity. The railroad group, particularly the United States Steel common, General Motors and other recent industrial favorites being offset by aggressive pool operations in the tobacco and a number of specialties.

Atchison shares continued to respond to the excellent current earnings and traffic reports. Atchison stock at 125 1/2, up 3 1/2 points, and the Chicago Pacific, Delaware and Hudson, Missouri Pacific, Northern Pacific, Western, Rock Island, Southern Railway and Union Pacific touched their highest prices in a year or more. Unconfirmed rumors that the proposed reorganization of the Union Pacific and other independent companies, accompanied the best of the oil shares. Associated Gas and Electric System

Founded in 1853

The First Continuous Supply of Electricity

Duigi Galvani was an Italian scientist at the time the American colonies declared their independence. In 1785, when his wife was ill, he was preparing to make her a nourishing soup. As the assistant accidentally let his knife touch the metal clamp holding the frog's legs, they twitched violently.

Galvani, upon noticing it, began experiments leading to the development of our present day primary battery.

This was a great forward step. It provided for the first time a continuous supply of electricity in a moderate quantity.

Electricity, now produced by giant generators and made available in large communities everywhere, has greatly multiplied the muscle of man in industry. In the home it provides refrigeration, cooks food, washes and irons clothes, and cleans floor coverings and furnishings.

The Associated System through a network of transmission and distribution facilities in 12 eastern states serves 340,000 customers—an increase of 79% since 1920.

Strength of Rail Group
Features Irregular
Stock Market

(Copyright, 1926, by New York Herald Tribune, Inc.)
NEW YORK, Aug. 30. (Reuters.)
Prices moved irregularly throughout the greater part of the day on the stock exchange. With a protracted holiday recess in prospect at the end of the week and little incentive to buy, the market was dull. On the other hand, heavy selling at frequent intervals on the belief that the money situation, together with liquidation in connection with the next fortnight, would keep the market more or less limited.

On the whole, however, the market gave a good account of itself and there were several vigorous rallies. The railroads, particularly in the industrial, and in the tobacco shares, appeared to be the principal movement, along with some of the specialties. Money renewed at the sharp drop at that figure despite the fact that the market was not so strong as it had been.

Pressure was renewed against the railroads, and the General Electric, but the market was not so strong as it had been.

Equipment in Good Demand
The equipment market has been one of the most active in the market for some time. The demand for new equipment is strong, and the market is well supplied.

Large local and upriver hauls sought to bring about a renewal of the movement early in the day by bringing pressure to bear against the more popular issues.

DRYS UNEARTH STILL IN CAVE

Two Taken in Custody as Owners of Plant

Officers Dig in Relays to Gain Entrance

Three Wine Caches Found in One San Pedro Block

Federal prohibition agents and police led by Maj. Blaine Dixon, assistant to Col. Pratt in charge of enforcement, and Howard Kimball, acting chief field agent, yesterday burst into the ground beneath a house at 288 East Seventy-first street and unearthed a large moonshine plant.

Digging in relays officers attacked the ground and in a few hours time broke through into a cavern that contained, according to their report, a 100-gallon still, 1500 gallons of mash and fifty-five gallons of moonshine.

O. G. Nielson and Carmel Parro were taken into custody as owners of the still and liquor, and were arraigned before United States Commissioner Mead on charges of possessing liquor, possessing apparatus for the manufacture of liquor and with manufacturing liquor.

Over the week-end Federal and police operatives raided one block at San Pedro and arrested Tony Grant, 679 Tenth street; Frank Manning, 444 Ninth street, and Sam Manzano, 107 Tenth street, charging them with possession of large quantities of wine and moonshine. All were arraigned in Police Court.

Grant's residence contained 300 gallons of moonshine and 500 gallons of wine, Frank Manning's home revealed two gallons of moonshine and 100 gallons of wine, and Sam Manzano's abode was found to house fifty-five gallons of wine, according to Kimball's report.

J. L. Isenberg Services Set for Tomorrow

Funeral services for Jacob L. Isenberg, former newspaper editor and publisher, who died in his home at 941 South Bonnie Road street last Saturday, will be conducted at the Little Church of the Flowers tomorrow afternoon at 2 o'clock. Interment will be in Forest Lawn Cemetery.

Mr. Isenberg, who was 77 years of age and had been a resident of Los Angeles fifteen years, took part in the famous stampee in the Cherokee Strip in Oklahoma and established the first daily newspaper in that territory at Enid, Okla. The same paper is still being published.

He leaves a widow, Mrs. Jeannette T. Isenberg, a son, H. M. Isenberg of Denver and a daughter, Mrs. Edna Schumaker of Sacramento.

CONFUSION ON NAME "BREAKERS" CLEARED

Because the use of the name "Breakers" by a hotel and a beach and social club, located on two separate beaches, has resulted in a confusion of identity, Harry L. Lewis, president of the Breakers Club, has issued a statement to clear up the situation. While the Breakers Hotel is a commercial business, the Breakers Club is a club of restricted membership by invitation. President Lewis states. The institutions are entirely separate.

Long Marital Happiness Explained

Mr. and Mrs. Hiram Hammond

PAIR WED SEVENTY YEARS

Fifty-fifty Policy Given as Reason for Career of Bliss as They Celebrate

Temperament and sailing the matrimonial seas on a fifty-fifty basis have spelled seventy years of wedded bliss for Mr. and Mrs. Hiram Hammond, 94 and 92 years of age respectively, of 2228 East Second street, the couple admitted yesterday on the occasion of the observance of their wedding anniversary.

"All of our disagreements have been trivial ones and we have always tried to strike the happy medium for the solution of our little differences," the aged and happy couple stated, "and serious quarrels have been conspicuous by their absence during our three score and ten years of marriage."

More than thirty relatives, friends and neighbors attended the open-house reception held at the home yesterday, extending to the couple their congratulations.

Of the sturdy pioneer stock that settled Iowa, Mr. and Mrs. Hammond were married at Le Grande, August 30, 1856, after a courtship of two years. Mr. Hammond for sixty years was engaged in the milling business in the Iowa city, and was active manager of the business at 64 years of age. Ten years ago his establishment was destroyed by fire and he came to Los Angeles with his wife, the couple having since made their home with a daughter, Mrs. H. H. Salisbury.

The couple are the parents of six children, five of whom are living. A daughter, Mrs. R. H. Hartley of La Jolla, was a guest at the celebration. Mrs. Hartley, who is 84 years of age, has many former Iowans who knew the couple there. Mr. and Mrs. Hammond have thirteen grandchildren and eighteen great-grandchildren.

Hammond attributes his longevity to clean living, hard work and a good diet. He has followed for years of drinking a cup of hot water every morning before breakfast. A few years ago he partially lost the use of his hands and, purchasing a type-

AIR SERVICE TO SEATTLE SCHEDULED

Planes Carrying Mail and Passengers to North Will Start September 15

Air-mail service between Los Angeles and Seattle will be inaugurated September 15, according to an announcement made yesterday by C. N. Comstock, vice-president of the Pacific Air Transport, the company which will operate the service.

Planes will leave Los Angeles and Seattle daily except Monday. The last terminus of the line will be at the company's flying field at Mesa Drive and Exposition Boulevard. Under the tentative schedule laid down, planes will leave Los Angeles at 12:30 a. m. and will make the round trip in about twelve hours. Stops will be made at Bakersfield, Fresno, San Francisco, Modesto, Gr., and Portland.

The Pacific Air Transport has been conducting a series of flights between Los Angeles and Seattle for several months, laying out the route and preparing the necessary facilities to insure uninterrupted service, once the line is put into operation.

The company's flying field at Mesa Drive and Exposition Boulevard, under the tentative schedule laid down, planes will leave Los Angeles at 12:30 a. m. and will make the round trip in about twelve hours. Stops will be made at Bakersfield, Fresno, San Francisco, Modesto, Gr., and Portland.

PHONE RATE ON EASTERN CUT

New Reduction Effective October 1, to Save Users \$3,000,000 Annually

A readjustment in transcontinental telephone rates which is expected to result in an annual saving of \$3,000,000 to telephone users, was yesterday announced by the Bell system.

The reduced rates will become effective October 1, according to the announcement.

Among the tolls which will be reduced are: the day station-to-station rate between here and Chicago will be \$7.70 instead of \$11.10; and between here and New York, \$10.75 instead of \$14.15.

Other changes include the addition of one and a half hours to the reduced rate period, as station-to-station calls will be discounted on transcontinental calls.

Judge Burnell Urges That Prisoner Serve Full Time in Penitentiary

John Patrick O'Brien, confessed murderer of Thomas E. Welch, an accountant, whose body was found behind a billboard near West Adams and Hines streets, several weeks ago, yesterday was sentenced to life imprisonment in San Quentin by Judge Burnell.

In pronouncing sentence, Judge Burnell recommended that the life term be served in full, and advised against a parole for O'Brien at any time.

O'Brien pleaded guilty to the murder and in a statement given to the court said he acted in self-defense. When arrested, it was said, O'Brien was wearing a suit of clothing belonging to Welch and was in possession of Welch's automobile.

--big ads do not make big beach clubs

The vital essentials are a wide, clean beach, and plenty of it, at a place on the coast line that is readily accessible and free from dangerous tides and rips—comprehensive plans carefully worked out to insure the individual member and his family of adequate space and privacy, both on the beach and in the Club house.

Paramount, however, is the desire of the Founders of the Club to give the members their money's worth, first, last and all the time.

Crystal Pier Club, located midway between Santa Monica and Ocean Park Piers, has 457 feet of beautiful beach, owns the pier where the old world famous "Nat Goodwin Cafe" stood, and upon it will build the finest beach clubhouse in the world (the old building is being wrecked now.) It is entirely different from the average man's conception of a beach club, and warrants the closest investigation by the discriminating so that advantage may be taken of our opening offer of a full family, Life Membership, at \$100 plus Federal Tax of \$10.00.

AUTHORITY TO PAROLE DEFENDED

Keyes Aide Cites Record
to Show Legality of Acts
Criticism by Judge

Offering the records of the county
parole board as justification of the
action taken in releasing almost half
the liquor-law violators sent to jail
by Municipal Judge Edmunds, Dis-
trict Attorney Keyes yesterday stated the
board has not exceeded authority in
granting paroles to the defendants.
"The parole board is called in order
that prisoners may have some re-
source in case of unfair treatment,
mistake or urgent needs or freedom."
Keyes stated yesterday.
Dep. Dist. Atty. Murray, who has
been representing Keyes on the board,
following a complaint by Municipal
Judge Edmunds that many of his
sentences in liquor cases were being
set aside by the parole board, yester-
day made public the records of all
paroles granted men sent to jail by
Judge Edmunds.

Fifteen of the thirty-four men
sentenced to imprisonment by Judge
Edmunds since April 1 obtained re-
ductions in the sentence through ac-
tion by the parole board, it was dis-
closed. Of the fifteen, eleven served
more than half the time called for
on the sentence. Two were released
on the recommendation of the board
and the sanction of Judge Edmunds.
The others, according to parole re-
cords, were released on account of sick-
ness or poverty in their immediate
families.

The sentences imposed were in
many cases extremely severe and were
imposed by a board upon the de-
fendant's family and children rather
than upon himself, Murray stated.
The parole board is intended by law
to prevent such measures and will
continue to do so.
Murray cited several cases. Marvin
Abernathy, who pleaded guilty to a
charge and was sentenced to ninety
days, was released by the parole
board after serving thirty days. A
recommendation was made by Judge
Edmunds, however, when it was found
that the charge on which the man
pleaded guilty could never have been
proven against him.
Another case of a woman who re-
ceived a sentence of sixty days was
given consideration, it was said, when
the parole board learned she has nine
children, one of them, a 9-month-old
baby, being confined in the jail with
her. She was released after twenty-
three days.
It is expected the matter will be
dropped without further action.
Keyes stated yesterday that the pa-
role board, consisting of himself and
Sheriff Trager, will continue to func-
tion in the same manner. Judge Ed-
munds announced he will continue to
send violators to jail.

Bungalow Court Originator Dies at Big Bear

Born in San Francisco fifty-one
years ago, C. C. Jessurun, one of the
originators of the bungalow-court
idea in Los Angeles, died following a
heart attack yesterday morning
at his home at Big Bear Lake. He
was the owner of 107 acres of Big
Bear property on which he had built
a large hot-water plunge and was
financing the construction of a san-
atorium.

Quarter-Hour Jail Sentence Fits His Crime

Teddy J. Pappas will not have to
serve the shortest jail sentence im-
posed in recent years unless he risks
outward the law in the future.
Pappas was sentenced yesterday by
Judge Burrell to spend fifteen min-
utes in jail and then the judge sus-
pended the sentence.

Pappas was accused of buying some
stolen automobile tires but it was
disclosed he did not know he was
violating the law in making such a
purchase.

"Tut" Imlay Spurns Flattering Offer to Turn Professional

BRUIN CAPTAIN IGNORES OFFER

California Star Refuses to Join "Brick" Muller

Will Not Become Member of Los Angeles Team

Prefers Bond Salesmanship to Pro Football

SAN FRANCISCO, Aug. 30. (P)—"Tut" Imlay, captain of last year's University of California football team, indicated here today that he thinks more of bond salesmanship than professional football as a career.

After a conference with "Brick" Muller, captain of the Los Angeles team in the National Football League, Imlay expressed a doubt that he would ever turn professional.

"I don't believe they can offer me enough money," he said.

LOCAL MAN SECONDS TAYLOR IN TITLE TRY

Bob Perry, local boxing man, and manager of Izzy Schwartz, flyweight fighter, has been asked to be Bud Taylor's corner when the Terre Haute bantam fight Charles Rosenberg for the world's title at Chicago next week. Perry is one of the smartest judges of fighters in the game and should be invaluable to Taylor.

RIVERS AND SILVA SIGNED FOR BATTLE

Making one of the closest bouts of his career, Tom Gally, Hollywood fight promoter, yesterday signed George Rivers, Mexican bantamweight sensation, to meet Teddy Silva at the Morrie City stadium September 10, next. Silva and Rivers have met before, going ten rounds to a draw. Rivers scored a knockdown and Silva came right back, putting the Portuguese on the floor.

LEROY OUTCLASSES CONWAY WITH EASE

NEWARK (N. J.), Aug. 30. (P)—Russell Leroy, Fargo, N. D., lightweight, outpointed Al Conway of Philadelphia by a wide margin in a ten-round bout here tonight. Leroy weighed 137 and Conway 135. Both also of Fargo, knocked out Leroy McCallum, negro middleweight of Newark, in the fifth round of a scheduled ten-round bout.

RABBIT PUNCHES

By PAUL LOWRY

THREE cheers for Howard Eganke. His victory over the St. Louis Browns last Saturday was the sixth straight for the Glendale string bean since joining the Athletics in midseason. And it marked eight triumphs with three defeats for the tall slacker as a member of the 1926 House of Nicks.

Now those who were skeptical of the deal which brought the former Glendale boy to the Athletics from the Red Sox a couple of months ago are singing another tune and predicting that if the Athletics finish in second place it will be due largely to the efforts of Eganke. He has been coming along in world-beating fashion lately and showing the stuff that took him out of the Coast League back in 1914. He has been with Washington, Detroit and Boston in the big time since he left the Angels as a high-school boy twelve years ago.

My friend, the squat Mister Darius L. Darius of Del Monte, has belched out with a prediction that this year's state golf championship, which takes place at Del Monte September 4-13, will be won by a player of the young man's ilk.

From all indications the crafty Mister Darius, who is the tournament director of the state's big links classic, is not talking through his hat. The younger element has been coming along with a rush. Allen Moser has just finished winning his second leg on the Spreckels cup and he is only one of several youngsters who stand a really good chance to win the state's big links classic, which takes place at Del Monte September 4-13, next. The others are David Martin, Southern California junior champion; Harold Thompson of Glendale, California intercollegiate title-holder; Leslie Hensley, state junior champ; Fay Coleman and Lester Coleman, Donald Moss and Ann Smith of Portland, etc.

DEHATE MAY STOP SILVER

Plans to Carry Slashing Fight to Bay City Battler When Pair Meet at Auditorium Tomorrow Night

Paul DeHate does not expect to be able to outbox Jack Silver but he does figure that he can outfight him when they meet at the Olympic Auditorium tomorrow night.

DeHate is prepared physically for the most strenuous match of his career. His manager, "Dutch" Meyers, has ordered him to open the works at the Olympic Auditorium, where the fight will take place, and it is up to him to carry through to the finish.

Strategy will be to use the coming match at the auditorium, which may provide one of the most sensational upsets of the year. Silver is the crafty sort of fighter who will not give up until he is absolutely exhausted. He is a real fighter and he will not give up until he is absolutely exhausted. He is a real fighter and he will not give up until he is absolutely exhausted.

It takes a strong young man to carry out a fight like that, but DeHate ought to be able to do it. He is built like a Hercules and he has the heart of a lion. He is built like a Hercules and he has the heart of a lion. He is built like a Hercules and he has the heart of a lion.

Price Faces Tough Job in Building New Team

Many Stars Now Engaged in Business, Sports

Dixon, Thatcher, Young All Ineligible This Year

BERKELEY, Aug. 30. (Exclusive)—Eleven hardy pugilists warriors will be absent on September 12 when Coach Andy "Nip" Price, the University of California's new varsity football coach, sounds the first call to practice.

Some of these veterans are still responding to the beck of the tankard, while others are pursuing studies and activities of business life.

Frank Cooper, 1924 and 1925 guard, has selected a business career with the sales force of the General Petroleum Corporation in Oakland. It was reported erroneously that he had signed with George Wilson's professional squad.

Dana Curry and "Boop" Carlson have hitched their carts to Wilson's parade. Tut Imlay, captain last year, is a bond salesman in San Francisco. Myron Brown, tackle, is working in his home town, Sacramento, while Walter Rau, Verdes High School's contribution to the Bruin variety of football, is employed by the city of Oakland as a surveyor.

OBSERVATIONS

By THE INNOCENT ONLOOKER BILL HENRY

LOS ANGELES gets its first look in a long while at Strangler Ed Lewis tonight, and, by no means incidentally, likewise gets its first look at any time at Wayne "Big" Muna, the Nebraska giant, who is largely responsible for all this turmoil as to who is the heavyweight world champion of what.

Both behemoths perform in the classic ring at Jack Doyle's Verdes arena on the corner of Main and Broadway streets. The house would be pretty well filled with all due respect to Joe Elicy, who is recognized as champion, Joe isn't in the same breath with Lewis as a crowd puller. Joe looks a little too amiable and grasping a good deal of the time. Lewis, on the other hand, looks and acts very much in his line the way Jack Doyle does in the ring, and that means that you are either for him or against him the minute you lay eyes on him.

That National League race ought to bring tears to the eyes of the market, and it is one of those things that excites the fans to a young frenzy, and all people suffering from baseball frenzy can be counted upon to attend as many ball games as possible. Think of about 100,000 people at a game in St. Louis. The Chicago fans are wild over the performance of the Cubs and are deriding the management have bottled their way into the first division, standing up in the cellar with the lights out last

BOONE, ARLETT, BAGWELL IN GREAT BATTING RACE; ANGELS HOLD TEAM LEAD

Two points separate the first and third-place battles in the Coast League after twenty-one weeks of play in the 1926 season.

Boone was forced to bat something over 300 times during the week to hold his place at the top of the list.

Boone's mark from 388 to 377.

Arlett, of Oakland, is clouting out seventeen safe hits and

William Bagwell, of Portland, advanced his mark 11 points from 385 to 376.

Earl Averill of San Francisco is in fourth place with 363 and "Buck" Kildred of Seattle fifth with 353.

The five leading sluggers are all outfielders and all members of different clubs.

Arnold Stutz leads all players at the longest in home at bat with 240, one point ahead of his teammate, Art Weil, and two points ahead of Frank Strickland. Art Johnson is close behind with 338.

Arnold Stutz leads all players at the longest in home at bat with 240, one point ahead of his teammate, Art Weil, and two points ahead of Frank Strickland. Art Johnson is close behind with 338.

Frank O'Donnell still tops the Hollywood list with 213. Dave Lewis, of the Sacramento players with 208.

Le's angles is the strongest hitting club in the league with a mark of 394.

CLUB BATTING

Los Angeles, 100; San Francisco, 90; Oakland, 80; Portland, 70; Seattle, 60; Tacoma, 50; Vancouver, 40; Victoria, 30; Nanaimo, 20; Port Moody, 10.

SERAPHS DEFEAT SEALS IN NINTH

runners home with one of his old-time line drive.

Camilli caught the spirit of the thing and laced out a single but Baker ended the home round by forcing Camilli at second base.

Dick Moody started pitching for the Seals in the ninth. Stutz singled and took second on a passed ball and Henryway walked. Manager Nick Willis yanked Moody and sent in Oliver Mitchell to pitch to Weil, a left-handed hitter. Weil bunted both runners along and they both counted on John's single to right.

Ellison, out in right field, let the ball go through him and John pulled up at second.

Krug won the ball game with a drive to left, but he got no hit for it. It was apparently a two-bagger, but Krug was called out for not touching first base. That deprived him of his hit, but John's run won the ball game, so Marty will probably forget about the bungle. Score:

A Woman's Viewpoint
A man, to women, I contend,
Is useful only as a friend.
A woman to a woman—she
Is useful as an enemy.
A man to other men, mayhap,
Is useful as a good old chap;
A woman to a man—to him
She is whatever suits her whim!

Willis: Is your wife a good
after-dinner speaker?
Gilles: No, but you ought to
hear her before breakfast.

Gertrude: Well, anyway,
George dresses like a gentleman.
Clara: Indeed! I never saw
him dressing.

Siege of Lexington, Missouri (Continued).

by J. CARROLL MANSFIELD

THE SIEGE OF LEXINGTON, MISSOURI, BY THE CONFEDERATES BEGAN ON SEPTEMBER 12, 1861, AND LASTED UNTIL THE 20TH. AFTER A FIERCE BOMBARDMENT ON THE FIRST DAY OF THE SIEGE WHICH DROVE THE FEDERALS FROM THE OUTER BREASTWORKS THE CONFEDERATES SETTLED DOWN TO STARVING OUT THE GARRISON.

AS THE SIEGE PROGRESSED THERE WAS MUCH SUFFERING AMONG THE DEFENDERS. FOOD AND AMMUNITION BEGAN TO RUN LOW AND THERE WAS A DISTRESSING LACK OF WATER, AND SO IT WENT ON, BOTH SIDES EQUALLY DETERMINED TO WIN.

ON THE 17TH, CONFEDERATE BATTERIES OPENED FIRE ON THE UNION WORKS AND A STEADY BOMBARDMENT WAS KEPT UP. BY THE 20TH THE SOUTHERN LINES HAD NEARLY REACHED THE LAST FEDERAL DEFENSES AND GEN. PRICE PREPARED TO CARRY THE PLACE BY STORM.

IN THE AFTERNOON OF SEPT. 20, COL. MULLIGAN, REALIZING THAT FURTHER RESISTANCE WAS IMPOSSIBLE, RAISED THE WHITE FLAG AND SURRENDERED TO GEN. PRICE. THE CONFEDERATES CAPTURED 2,224 PRISONERS, MISSOURI STATE RECORDS AND SEALS WORTH \$900,000 IN MONEY.

These daily history strips make a unique pictorial history of America. Hundreds are clipping them daily and pasting them in scrapbooks.

CITY BEACH ADVERTISING PROHIBITED

Council Votes On 'Against Practice of Advertising by Playground Board'

An ordinance to prevent the city-owned beach playgrounds from being used for advertising purposes was adopted by the City Council yesterday. The ordinance was introduced by Councilman J. C. Wilson and was passed by a vote of 10 to 2. The ordinance prohibits the playground board from allowing any person or company to use the playgrounds for advertising purposes. The board is also prohibited from allowing any person or company to use the playgrounds for the purpose of selling or promoting any product or service. The ordinance also prohibits the board from allowing any person or company to use the playgrounds for the purpose of conducting any business or other activity that is not in the best interests of the city.

The Council received the ordinance from the Harbor Commission and the Los Angeles Athletic Club. The ordinance was introduced by Councilman J. C. Wilson and was passed by a vote of 10 to 2.

Judge Proposes Counselor to Bar Exam

A suggestion that the members of the Legislature should be authorized to employ a counselor to assist the State Board of Bar Examiners in the examination of applicants for admission to the bar was made in open court yesterday by Presiding Justice J. C. Wilson. The suggestion was made in the case of *State Board of Bar Examiners v. J. C. Wilson*. The case was argued by the State Board of Bar Examiners and the State Bar Association. The case was decided by the court in favor of the State Board of Bar Examiners.

MOVE MADE TO HALT BALTRANE'S PACE

Recommendations that the Federal prison under a two-year term be suspended immediately were made yesterday to the United States District Court in Washington by the State Board of Bar Examiners. The recommendations were made in the case of *State Board of Bar Examiners v. J. C. Wilson*. The case was argued by the State Board of Bar Examiners and the State Bar Association. The case was decided by the court in favor of the State Board of Bar Examiners.

BLAST BURNS WORKMAN. Perry Randall, 31 years of age, employed in a cleaning establishment on Central avenue, was treated for burns in the head and neck yesterday following an explosion in a gasoline washer in the shop where he is employed. Fire officials who investigated the explosion declared they believed the explosion had ignited the gas. They estimated the damage at \$1,000.

CITY BEACH ADVERTISING PROHIBITED

Council Votes Ordinance Against Practice as Asked by Playground Board

An ordinance to prevent advertising on beach property, especially on the 200-acre park plan, was adopted by the City Council yesterday under a request from the Playground Board. The ordinance was requested to delay action on proceedings for advertising on beach property until after the board has matured. The request came from Donald M. Baker, president of the Greater Western Improvement Association. The ordinance was proposed by an organization for the purpose of creating a park near Ocean Park.

The Council received a request from the Harbor Commission for a permit that would relieve the Los Angeles Athletic Club from the obligation to expend \$20,000 on an island clubhouse and another \$10,000 on a building to make the island a club within three years after the occupancy.

The Council to condemn an area of land for park purposes along Channel Avenue, between Fifty and a point of Ackerman Drive, adjacent to city playground and bounded on the north by Toland Way.

Judge Proposes Counselor for Bar Examiners

A suggestion that the next session of the Legislature should enact legislation authorizing the State Board of Bar Examiners to employ counsel in court when necessary was made in open court yesterday by Presiding Justice Finlayson of the District Court of Appeal.

During a hearing in the case of the Board of Bar Examiners, the board's attorney, Mr. R. B. Rhy, represented the board's position.

MOTHERS AND THEIR CHILDREN

A Bed While Traveling

One Mother Says: When we are traveling and stop at some hotel or place away from home where there is no crib, I use a bureau drawer as a bed for baby. These drawers are wide and deep, and can be placed on two straight chairs in a cool, airy part of the room. Two pillows can be placed in the bottom of the drawer with the sheet over them, and a small pillow used at the head. I always carry my own small sheets for baby and usually one blanket when I take her with me on a trip.

ACTRESS IN AUTO CRASH RECOVERING

Owner of Car That Struck Vivian Duncan Declares Vehicle Was Stolen

While the mystery surrounding the ownership of the hit-and-run car which wrecked Vivian Duncan's automobile last Thursday night at El Rio intersection in Oxnard, was being cleared, it was announced by the actress's physician, Dr. Everett C. Beach, yesterday, that Miss Duncan was passing the dangerous period in St. John's Hospital. Constable Helms of Oxnard, who has been working on the case with Capt. Murphy of the Ventura county motorcycle squad, located the present owner of the car, T. Morris, who is in the Big Sisters' Hospital.

MURDER CASE TAKEN UNDER ADVISEMENT

The case of Clarence Barber, charged with the murder of Israel Grother, was taken under advisement until tomorrow morning by Municipal Judge Westover yesterday at the conclusion of the hearing. Grother was killed last night in a garage at 110 East Third street. A coroner's jury found that Barber had fired in self-defense. Barber, former of the garage, had declared he intervened in a fight in behalf of his brother and another employee, who, he said, were being attacked by a party of Grother's friends who had tried to obtain liquor.

TO INVESTIGATE CAUSE OF DEATH
Fresno Authorities Hold Two Following Fire
Find Corpses in Ruins of Ranch House
Man May Have Been Murder Victim

FIRE. Aug. 30.—Two men were being held at the County Jail here today pending the authorities' investigation of the cause of the fire which destroyed the ruins of a house about eight miles from Kernan last night, in the debris of which was found the charred body of John Bannett, 42 years of age, of Delano.

In addition to the burning of Bannett's body almost beyond recognition in the fire, there is a large hole in the skull which coroner Lyle said today indicated that he was killed before the body was burned. John Bannett, occupant of the house, and Miss Margaret of Delano, the man held for investigation. They said it had been their custom to hold week-end parties at the house, and that the fire was the result of such a party, and that it was started apparently by an oil stove which they attempted to light before lying down to rest about midnight.

The men under arrest say they were awakened by the smoke and flames and leaped to safety through a window, not knowing where Bannett was. Bannett was out in several places, the nature of his injuries according to the authorities, indicating that they might have been caused either by glass or knife.

After seeing the burning house, Bannett and Margaret went to Kernan, where the county authorities were notified. Bannett said that it was impossible to tell where the hole on Bannett's skull was caused by a blow or the fire.

The authorities also were investigating bloodstains on Bannett's shirt and face. He was uninjured.

Fight to Break Will Disposing of Big Estate

BAKERSFIELD. Aug. 30.—A battle to prove the invalidity of the will of the late Charles Sumner Young, whose estate is appraised in excess of \$800,000, has opened in the Superior court of Kern county. The will of Young, who died in 1924, was made by Young, sister of the deceased, through attorneys Fred Brown and Britain & Britain have petitioned the court for partial distribution of the estate and are seeking to prove it will allocate more than three-fourths of the estate to a charitable institution.

Included in the estate are 110 acres of land in the Kern River all field, 100 acres of which have been leased to the General Petroleum corporation for a cash bonus of \$100,000 and one-sixth royalty. The property is located in the northwest corner of section 14, 28-27. The oil company is planning to drill in the immediate future.

An additional petition was filed this morning for 500 acres which have been leased at \$500 an acre and sixth royalty. The petition will be presented in court September 20.

The Charles Brown Sequoyia Foundation, a charitable corporation in California, was made beneficiary of the greater part of the estate in the last will, coming to the California law, a bequest to a charitable institution or organization made within thirty days of the death of the testator is void and against public policy, depriving the rightful heirs of their inheritance and bequeathing the same to their relationship.

SEIZE FISHING BOAT

Mexican Government Takes One American Craft

BAR DIAGO. Aug. 30.—Two large fishing boats, the Del-Us No. 2, have been seized by the Mexican government for alleged violation of laws against fishing in the Gulf of California, according to word received from the San Diego fishermen's association.

The two vessels are said to have been apprehended off the coast of Mexico by the Mexican patrol boat, which covers that area. They were taken to Ensenada, where it was reported that the boats were being used for the purpose of catching fish for export to the United States. It was not known by whom the boats were seized, but it was reported that the charges will be of what particular offense was the cause of the seizure. Word of the seizure was brought here by returning vessels which have been fishing in Lower California waters.

UNKNOWN GIRL TO PLAY 'TOPSY'
Mona Ray Signed for "Uncle Tom's Cabin"
Many Film Players Go East for Picture Work
"Stranded in Paris" Halts Bebe's Vacation

BY HERBERT MOUTON.
Topsy has been found at last and the troubles of the casting office at Universal are just about over. Yesterday Carl Laemmle's studio announced that Mona Ray had been signed for this very essential part in Harry Pollard's "Uncle Tom's Cabin." In case you don't know who Mona Ray is, I'll vouchsafe the information that she is a little girl about 14 years of age and has worked in a short time in pictures, her experience being limited to a few juvenile roles. There's other talent in the family, too, for her sister is Judy King, who needs no introduction. Coincident with the signing of Mona Ray comes word that the part of Little Harry will be played by Louise Lomax.

In addition, Universal is reported to have secured the services of four more bloodhounds for the great chase sequence.

John Eastern Cast.
Mary Alden was signed yesterday by Paramount to play one of the featured roles in "New York," which will direct at the L. O. N. Island.

Just about the time that Miss Alden was signed to the part of "The Canadian," Thomas Meighan's next starring picture, "The March," while Billy, eight years of age, has been broncho busting with Fred Thomson and Buck Jones.

Florence Vidler.
Florence Vidler is another Paramount player who is harkening to Othman's call. She has been signed for the leading feminine role in "The Regular Sin," opposite Ricardo Cortez, and will report this week and later journey to the Paramount Long Island studio, where the picture will be filmed.

This will be Miss Vidler's first trip to New York in two years. She completed a leading role in Frank Lloyd's production of "The Eagle of the Sea" a few days ago.

Bebe's Vacation Over.
On the 7th inst. Bebe Daniels will find herself "stranded in Paris." This information was disclosed yesterday by B. F. Schulberg, who stated that Bebe's vacation will come to a close next week and work will begin on her next starring picture, to be made under the direction of Arthur Rosson.

James Hall, who appeared opposite Bebe Daniels in "The Campus Girl," will again play the hero role in "Stranded in Paris." This is his third leading part since he joined Paramount four months ago. He recently played opposite Pola Negri in "Hotel Imperial."

"Stranded in Paris" is based on the German novel, "Jenny's Recapture," and deals with a New York girl who cuts a wide swath in Parisian night life and suddenly finds herself alone and penniless in the French capital.

Winnemucca, Nev., any time she feels like it.
Such is the impression gained from reports emanating from the desert city, where Miss Banky spent most of the summer as the heroine in "The Winnemucca." Yesterday Samuel Goldwyn's Hungarian star received an invitation to leave soon for Winnemucca to attend the three-day demonstration of horsemanship as Queen of the Rodeo.

Miss Banky replied that she would endeavor to be on hand "for at least one day's cheering" if her work permitted.

Virtually the entire citizenry of Winnemucca and most of the cowpunchers of the range country near-by appeared in the Henry King picture.

More New York Migrations.
If the railroads aren't doing all the transcontinental passenger business they feel they should, it isn't the fault of the Hollywood film colony.

How come a word that three more celebrities are scheduled to leave soon for New York?

One of them, Betty Bronson, is going to visit her grandmother at Asbury Park and later journey to Massachusetts, where her two brothers will enroll for the fall school. She will then return to New York.

Vaudeville at its best is offered at the Pantages this week. Pantages audiences are not afraid to blister their palms when they are pleased with the program, and each act received its full quota of applause yesterday.

Van Horn and Inez opened the bill with "Sixty Turns a Minute." The two present some exceptionally hazardous feats on roller skates.

Laurie Dranga, like many violinists, has an irreproachable technique with the bow, and a totally unpronounceable name. Laurie is little more than a child, but he has mastered some of the most difficult numbers. Perhaps as yet there is a lacking in depth to his playing, but that will come to him with the years. It is easy to predict a concert career for a youth with such an auspicious beginning.

A most unusual young man is Henry Ragal. He dances, sings, performs some decidedly clever tumbling stunts and is a business with finesse. Ida Gerber and O Henry round out the act. The number would be very lively without the wack-cracks, however.

All the traditional color and verve of the so-called "divine" variety familiar to vaudeville, is the best thing they do.

Rin-Tin-Tin in "A Hero of the Big Snows," the feature photoplay attraction, is a consistently good actor. It is relaxing to find performers who never overemote, and who never try to steal a scene from a fellow-member of the cast.

Don Alvarado plays the master of Kinky in this drama of the great open spaces. Just why Warner Brothers have elected to keep him in the background is unexplainable. Here is a young player with splendid possibilities if given good direction and north-while roles. Allen Calhoun is the sweetheart of Kinky's master.

Oh, yes, Rin-Tin-Tin also has a romance in the picture with a blond polka-dotted girl, which proves that the canine star is right up to the minute in his preference in femininity.

Theater Will Give Returns From Election

Complete election returns will be broadcast from the stage at Loew's State Theater tonight. Homer B. Wright, managing director of Loew's State Theater, has completed arrangements whereby progress of the election will be given to patrons of the theater, at the same time that they are received in the newspaper offices of the city.

A special feature of Tuesday night's performance will be a late show designed to appeal to the sport-loving public who have been finding Buster Keaton in "Battling Butler" at Loew's State.

Pancho and Marco and Rube Wiles and the Hollywood beauties who have come direct to Loew's State after having been trained for three years by Pancho and Marco at the Egyptian Theater, also are said to have some surprises in store for those who are interested in the election.

NEW ANGLE TO THEME
"Shameful Behavior" Gets Under Way For Preferred.

"Shameful Behavior," based on the English story by Mrs. Beller Loew, was put into production last week as a Preferred Picture, the making of which is being supervised by J. O. Bachmann.

The adaptation of "Shameful Behavior," which gives a new angle to the younger generation theme, is the work of George Scarborough, author and dramatist, responsible for "The Heart of Wexford" and "The Sun Daughter."

Albert J. Kelly, having completed for Mr. Bachmann the newest Preferred release, "Dancing Days," has been retained to handle the megaphone for Mrs. Loew's story.

The Bachmann production forces are working at top speed with two units constantly busy.

ELECTION RETURNS GIVEN AT MAJESTIC

Through an arrangement made yesterday by Michael Conner, partner at the Majestic Theater tonight will have the election returns given to them over the footlights, according to William Demarest with Olson and Johnson in "Monkey Business," who will read the reports.

Continuing through the entire performance tonight of "Monkey Business" and as the reports come to him by special wire, Demarest will disclose the results of today's primaries.

Selects Los Angeles Million Dollar Theater As First in Public Circuit Tour

Paul Whiteman has just paid Los Angeles a large-sized compliment. For Paul has just signed one of the largest contracts ever signed for entertainment to take his band over the circuit of Public Theaters and then named Los Angeles as the first city of the tour.

All this is revealed in an announcement just made by Frank L. Newman, managing director, that the quartet who will star are John Lelie and Miss Alma Toll, leading man and lady, respectively; Elizabeth Allen, the new ingenue, and Mitchell Harris, second leads and heavy roles.

IT'S ALL PRETEND, THOUGH Dorothy Devore has inherited an old English castle dramatically speaking, "Money to Burn," her current picture, features Miss Devore in the role of an American girl who comes into possession of a Castle on the Avon.
